

# Hudsons of Brighton for exclusive menswear

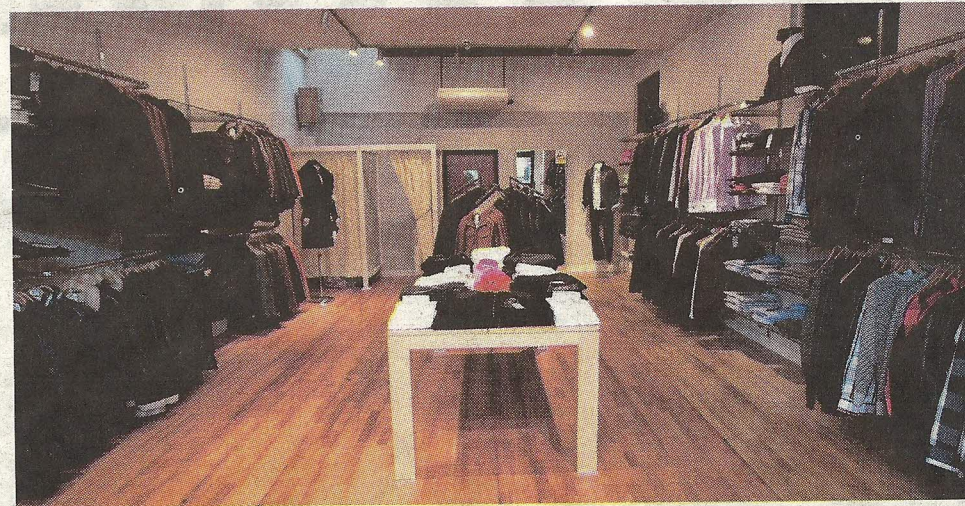

Fashion need not be limited to expensive designer brands, left of the main stream labels and trendy statements, which is why Hudsons of Brighton will be opening its flagship store on Saturday 21st of January in the heart of Brighton City Centre in North Street, just next to the APE shop.

Hudsons of Brighton will be offering affordable luxury as they have a flair for putting together and pulling off the most sleek and basic styles that denote a penchant for functionality, simplicity and class.

The celebrity launch party and official opening will start at 11am

with famous Actor, Chris Ellison from the Bill and Eastenders cutting the tape by Midday. The store and the décor reflect Dennis Taylor's vision for a fresh and modern retail world for men.

The collection offers exclusive rights of Claudio Lugli & Remus Uomo as well as a compendium of denims, sleek suits, slacks, dress shirts, polo shirts, jackets, vests, ties, belts, shoes, coats and pieces that combine the details of classic elegance while maintaining that contemporary look. Hudsons of Brighton which also has a clearance store in Tunbridge Wells believe that trends may slip on and off the radar style but the most essential

pieces should always be present in your wardrobe.
