

Ronnie Wood's work displayed at J'Adore Art

It was with great excitement that J'Adore Art Ltd, Brighton, presented a collection of limited edition artwork created and signed by rock icon Ronnie Wood.

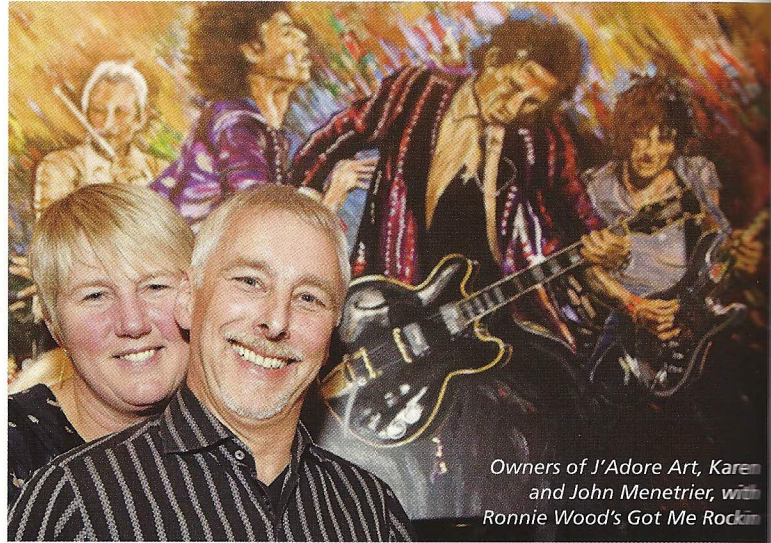

Ronnie Wood is an outstanding artistic talent. He picked up a paintbrush way before he picked up a

guitar and began his lifelong journey with art almost as soon as he could hold a pencil.

This innate artistic pulse grew into a five-decade love affair with canvas, which has seen Wood constantly seeking, evolving and pushing back the boundaries in his art.
